Sky and sunrise — Blend Cream (FC 102) across the sky, adding touches of Light Cadmium Yellow (FC 105) near the sun to enhance the warm glow.

102 Cream

105 Light Cadmium Yellow

Mountains — Shade the distant mountains with Cold Grey IV (FC 233) for a subtle depth, letting them recede into the mist.

233 Cold Grey IV

Grass — Create the grassy field using May Green (FC 170) with pressure variation to suggest different textures and shadows.

170 May Green

Backpacks — Use Phthalo Blue (FC 110) for the brighter blue backpacks, and Cadmium Orange (FC 111) for the others, ensuring a vibrant color pop against the landscape.

110 Phthalo Blue

111 Cadmium Orange
